#### Solution Approach:

- Determine if the revenue can be recognized at December 15 or needs deferral.
- Assess if the risks and rewards have transferred.
- Recognize revenue in the correct period, considering the company's revenue recognition policy.

#### Step-by-step Solution:

- Identify the performance obligation: Delivery of goods establishes the obligation.
- Evaluate transfer of control: Since delivery occurred before year-end, revenue can be recognized if other criteria are met.
  - Assess collectability: Payment is due in 30 days, and there's no indication of collection issues.
  - Apply revenue recognition principle: Recognize \$50,000 as revenue on December 15 if all criteria are satisfied.
